

TOP GEL

**Microbeads workshop soap
for hands cleaning**

TYPE OF USE

Cleaning of dirty hands. Most effective against grease, paint and lubricant stains. Recommended for mechanics, garages, workshops, farms, transport and construction engineering...etc.

PERFORMANCES

Complex mixture of wet substances, detergent agents, solvent products and polypropylene microbeads.

Contains antiseptic and bacteriostatic preservative agents which guarantee a perfect resistance to micro-organisms.

Meets NFT-102 standard.

Formula based on almond extracts to protect hands.

Dermatologically tested.

Leave hands clean, soft and slightly scented.

RECOMMENDATIONS

Put a small amount of MOTUL TOP GEL on dry hands.

Rub without water and rinse with plenty of water.
