Glysantin® G34®

Glysantin® G33®

A collection of Glyasant coolant products. In the foreground, three white plastic jugs are lined up, each with a different colored cap: purple for G30, red for G40, and blue for G48. The jugs have red and white labels with the Glyasant logo and the text 'Kühlerschutz Konzentrat'. Behind them are three red metal drums, also labeled with Glyasant and featuring hazard symbols. The entire scene is set against a solid red background.
