

# INSTALLATION INSTRUCTIONS

Part Number HA-0011

**This filter fits:** SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

## INSTALLATION

- 1) Remove the eight screws retaining the air box lid.
- 2) Take off the lid and carefully remove the original air filter.
- 3) Cover the carburetor intakes to ensure nothing falls into the engine.
- 4) Clean the inside of the air box.
- 5) Uncover the carburetor intakes.
- 6) Position the provided blanking caps. (Fig. 1)
- 7) Install the K&N Filtercharger® in the air box. (Fig. 2)
- 8) Replace the air box lid and tighten each screw down a little at a time. This will give equal pressure all the way around the perimeter.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
